

AirgainConnect®

HPUE Antenna-Modem for Law Enforcement

The AirgainConnect Advantage:

- The first and only antenna-modem built for the high-power user equipment (HPUE) solution on Band 14
- Integrates a 31dBm high-power modem with omnidirectional LTE antennas
- Ruggedized antenna-modem includes Wi-Fi and GPS/GNSS antennas

Benefits:

- 2x greater range results in more reliable wireless connectivity
 - Improves and extends connectivity for CAD and RMS
 - Improves and extends connectivity for NCIC Lookups
 - Improves and extends connectivity in challenging coverage areas
- Connects to router or directly to laptop via ethernet
- Eliminates signal power loss over coax cables
- Wi-Fi and GPS/GNSS optional antennas
- Compact 6-in-1 footprint
 - LTE x3, Wi-Fi x2, GPS x1
